### THE CONTEXT:

The Thulir Club was started in 2013. Under this project, we are visiting orphanages in and around Coimbatore and Tirupur districts. It's been about more than 100 visits done so far by the Thulir Club members. The primary mission of the "Thulir Club" is to provide orphaned, destitute, unloved, needy, handicapped persons with love, happiness, physical, mental, emotional, and spiritual nourishment, the highest level of education possible, and a hope for a bright future. The vision of the club is to have a self-sustaining community consisting of a children's home, an orphanage, an elderly home, a place of worship, a hospital, a library, a park, play fields, and other facilities that help a community succeed and to establish such communities all over the world.

## THE PRACTICE:

The Thulir Club pays a monthly visit to the orphanages. Around 60 students were taken to the orphanages to support the people out there and to listen to their needs and requirements. We also provide the basic requirements, like groceries, medicines, etc., to the orphanages in order to improve their quality of life in comparison with other people in the society. Apart from academic activities, the students also learn about the other half of society, which helps improve their helping and service tendencies. Thus, social awareness is provided to the students.

## EVIDENCE OF SUCCESS:

The following outcomes were witnessed:

- Social awareness was created among the students.
- The students were found motivated towards service to humanity.
- They have also learned the life of needy people and their role in making them fulfill the basic necessities in comparison with the normal society.
- They had also realized the value of healthy relationships.
